

Position: Co-Director (Sciences) Colossal Academy Flagstaff School

Location: Fort Lauderdale, FL

What we are looking for: Colossal Academy is seeking a visionary and dynamic Co-Director with a strong background in the Sciences to lead our Flagstaff School in Fort Lauderdale alongside our current Humanities-focused Director. This role is ideal for someone who is passionate about nature, excels in building community connections, and embodies an entrepreneurial spirit.

Responsibilities:

- Collaborate with the Humanities Director to provide cohesive, interdisciplinary leadership.
- Develop and implement innovative science curricula that align with our mission of real-world relevance.
- Foster a school culture that values and integrates natural environments and sustainability.
- Establish effective communication channels within the school and with the wider community.
- Spearhead initiatives to promote scientific literacy and environmental awareness.
- Mentor and support faculty in the science department, encouraging professional growth and innovation.
- Network with local and global organizations to enhance educational opportunities and partnerships.

Requirements:

- Proven leadership experience in an educational setting, preferably with a focus on the sciences.
- Strong academic background in Science, Environmental Studies, or a related field.
- Demonstrated ability to create and maintain community partnerships.
- Entrepreneurial mindset and experience in program development or educational innovation.
- Passion for nature and a commitment to fostering a love of the environment among students and staff.
- Excellent communication and interpersonal skills.

Qualifications:

- Master's Degree or higher in Science, Education Administration, or a related field.
- Minimum of five years of teaching experience, with at least three years in a leadership role.
- Familiarity with current educational technology and pedagogical trends.

Compensation: Competitive salary and benefits package, commensurate with experience and qualifications.

To Apply:

Interested candidates should submit a **cover letter**, **resume**, and a **brief statement** *detailing their vision* for integrating science education with real-world applications and nature-based learning.

Please send documentation to: online@colossal-academy.com write "Co-Director (Sciences)" in the email subject headline.
